

2019 // V1

LEADING DESIGNER, DISTRIBUTOR & SUPPLIER

EST. 1967

Established in 1967, over the last 50 years Pet Brands has proven itself as a leading designer, distributor and supplier of pet accessories and food in both the UK and global export market. In addition to our private label products and our exclusive licenses with well-known brands such as Hello Kitty, RAC and Me to You, Pet Brands is also committed to the innovative and adventurous development of our own Pet Brands ranges.

Working closely with our manufacturing partners, Pet Brands has relied on the expertise and dedication of our employees, the creativity and imagination of our product development team and the loyalty and enthusiasm of our customers to create a long-lasting business which is leading the way in the global pet market. Pet Brands' vision is to soon become the number one partner for innovative, quality pet accessories and treats worldwide; a goal we are well on our way to achieving.

PRIORITIES

 **PARTNERSHIP**
with our customers

 **DESIGN**
of up to the
minute trends

 **INNOVATION**
of products and
services

 **VALUE**
that is unachievable
by our competitors

that is ethically
sourced with industry
recognised standards

 **FLEXIBILITY**
to all our customer
requirements

 **SERVICE**
from product
development
to in-store delivery

OUR MISSIONS

To **provide** pet treats and
accessories that **exceeds**
customer expectations.

To **empower** people to
have a **stronger relationship**
with their pets through **high**
quality care, train and play
accessories and treats.

CUSTOMER SERVICE

Our dedicated Customer Service team is on hand 8am-5pm, Monday to Friday, at the methods below to answer any questions or queries and help you get to know our extensive ranges of pet accessories and treats.

08714 722 324 / sales@petbrands.com

UK'S FASTEST GROWING PET COMPANY

As the UK's fastest growing pet company we at Pet Brands strive to continue our success by continuously growing our consumer base and pushing the pet accessory industry forward in new and exciting directions. Already distributing to over 55 countries worldwide, Pet Brands is focused on providing pets and their owners all over the world with the highest quality at the best price.

DEVELOPMENT PROCESS

At Pet Brands we particularly pride ourselves on our dedication to the entire product development process, made possible through our ability to design, develop, manufacture and distribute our own products. Working side-by-side, our private label design team strives to create bespoke products which complement a brand's existing ranges and appeal to their distinct customer base, while our own brand team pushes the same company ingenuity into developing inventive new products to drive the global pet market forwards. Through extensive processes of assessing market research and industry trends, the development teams are able to create comprehensive product proposals which are tailored to specific brand identities and customer needs whilst providing unique product specifications. As a leading designer, we are invested in protecting the creativity of our products and brands through patents, registered trademarks and design rights.

QUALITY

Pet Brands' close partnership with our factories worldwide and dedication to rigorous quality assurance testing means customers can buy from us with the confidence that our products are at the highest quality and safety standards. In addition to general safety assurances, our products are also tested through play with pets and practical use to ensure they withstand the demands of everyday handling, for example by ensuring our beds and clothing are wash and shrink tested.

OUR VALUES

We **maximise** our pet industry **expertise** to ensure we continue to be the partner of choice

We only deliver **world class** products that meet or exceed customer expectations

We **commit** to delivering **quality** assurance

We **promise** to provide an **efficient** service and deliver **consistently**

We take **pride** in everything we do

We **value** and **respect** our worldwide team

We are **passionate** about pets

Our RAC pet travel range is revolutionising the way we travel with our pets; ensuring maximum safety for dog and cat loving motorists. We have worked closely with RAC to ensure strict product quality and unique design features across our full range at an affordable price. Each product within the range has been tailored with safety at the forefront as well as long lasting, easy to use and of great quality.

The range includes both in car travel and walking harnesses developed to ergonomically fit your pet to ensure comfort as well as protection. Designed for convenience the ranges includes crates, car guards, fleece-lined coat & machine washable in-car protectors to protect your car-upholstery. With the crackdown on legislation dictating the way in which your pet can safely travel in the car, our RAC range remains an ever prevalent solution to pets in transit safety.

HOUND

Est. 1967

Our Hound range is the perfect way to add a dash of old English country charm and style to your home, whilst providing your pet with the perfect getaway to snuggle down and rest and relax after a long day.

PREMIUM QUILTED SOFA BED WITH FAUX LEATHER PANEL

This Premium Quilted Sofa Bed is a perfect addition to all modern homes; both comfortable and durable, the bed provides a luxury alternative to the everyday pet bed. The bed's neutral colouration and distressed faux leather branded panel are flattering accents to any home décor. This bed is fully machine washable for the ease of the owner. This bed was designed and manufactured in the UK.

M - 60 x 50 x 20cm **HOUND07**
L - 82 x 65 x 20cm **HOUND08**

Made in the UK 

ANTIQUE COPPER FINISH FOLD FLAT METAL CRATE

Our Copper Dog Crate is a necessity for all stylish dog owners. Built with rust-resistant powder-coated iron for strength, the crate is durable and offers maximum safety and security for your pet. The crate is fitted with two doors, a double safety latch and reinforced corner edges to ensure stability and endurance. The crate features a removable plastic tray for easy clean.

S - 50.5 x 44 x 63cm **HOUND04**
M - 55.5 x 48.50 x 77.5cm **HOUND05**
L - 64 x 57.5 x 92.5cm **HOUND06**

HAMMERED ANTIQUE COPPER FINISH PET BOWL

Designed to complement our Pet Treat Cannisters, the Hound Copper Pet Bowl is a stylish take on the traditional pet bowl. Designed in stainless steel with a chic copper lacquer, the pet bowls have an antique hammered effect which makes them perfect for all modern homes. The bowl is fully dishwasher safe and features a non-slip base for the ease of the owner.

S - 940ml - 16.7 x 16.7 x 5.8 **HOUND09**
L - 1900ml - 20.7 x 20.7 x 6.7cm **HOUND10**

REAL LEATHER BRAIDED DOG COLLAR

Our Braided Dog Collar combines style and comfort through its contemporary braided design and soft, durable finish. Combining embossed real tan leather and natural cotton rope braid, the collar's neutral colouration and timeless design is sophisticatedly versatile and is also equipped with a metal buckle and D-ring accents. Matching lead is also available.

S - 26 - 32 x 2cm **HOUND13**
M - 33 - 41 x 2.5cm **HOUND14**
L - 40 - 50 x 3cm **HOUND15**

HAMMERED ANTIQUE COPPER FINISH PET TREAT CANNISTER

Our Copper Pet Treat Cannister is the ideal addition to the home of any pet owner. The cannister is manufactured in a sleek stainless steel with copper lacquer to suit all home décors and is equipped with a subtle sealed rim to maintain freshness of all treat types. Designed in a neutral colouration to complement all styles, the cannister is created with an antique hammered effect which adds a sophisticated edge in comparison to the usual pet treat container.

M - 13.2 x 13.2 x 17cm **HOUND11**
XL - 17.2 x 17.2 x 21.5cm **HOUND12**

REAL LEATHER BRAIDED DOG LEAD

Our Braided Dog Lead is a contemporary addition to any pet wardrobe. Like its matching collar, the lead is designed with a durable natural cotton rope cord and stylish real tan leather accents embossed with the Hound branding which perfectly blend fashion and practicality.

100 x 2.5cm **HOUND16**

PET ACTIVITY MONITOR

Light and elegant smart wearable device for pets

The Fit P2 pet activity monitor is a lightweight and stylish accessory that can be added to any collar. The Fit P2 records pet activities 24/7 and shares this with the PetKit app, allowing you to monitor your pets health and make smart decisions to move towards a healthier lifestyle.

GREY - **PETKIP1** // GOLD - **PETKIP2**

Activity Monitoring

Adopted advanced sensor P2 records the pets activities 24/7 and collects the information sending it to Cloud for calculation and analysis. This data will report the pets actual performance on PETKIT APP.

Consumption Record

According to the pets information that is collected by P2, the expended calories can be precisely calculated. Combined with feed brands and consumption trend your pets food quantity can be controlled confidently and clearly.

Sleep Analysis

How long is your pet asleep? P2 helps to get correct sleeping time of your pet and check the sleep quality.

03:10 The whole day

Fit Report

Detailed daily performance with 24 hours continuous detection: 'Today's mood is happy.' 'Health condition is below the standard.' 'Insufficient in total activity time.' 'Too much intense activity today.'

MATE PET MONITORING CAMERA

Talk to your pets when you're not around with the Mate Pet Monitoring Camera.

The PetKit Mate Pet Monitoring Camera is designed for owners who want to interact with their pets when they're out of the house, in the office, or even while they're away. The Mate allows users to look, listen, talk and play with their pets even when they're thousands of miles away. With a built in HD camera and 340 degree pan, pet owners can capture, video record, and use a laser toy no matter where they are in the world.

PETKIP3

Video Monitoring

You can now check up on your pet and see what they're getting up to from anywhere with the high-quality video monitoring. With Mate, it's like you never left them.

Video Recording

Easily capture amazing HD pictures or videos using the PetKit Mate and app, and share these with your friends and family at any time.

340° Rotatable Pan

The Rotatable Pan is specifically equipped at the bottom of MATE. It's easy for you to control the rotation direction yourself, viewing every corner of the room.

Two-Way Control

The PetKit Mate Pet Monitoring Camera includes a built-in microphone which allows you to talk directly to your pet. Using the PetKit app, simply turn on your microphone and talk to your furry friend wherever you are!

SMART ANTIBACTERIAL BOWL FRESH

Love is always fresh and so should your pet's food bowl.

The Fresh Pet Bowl comes complete with in built weighing scales to help you measure the exact amount of food to feed your pet right there in their bowl.

Our PetKit app provides suggestions on exactly how much you should be feeding your pet based on their breed and their activity levels. When paired with our Fit P2 activity monitor you can always ensure you're giving your pet just the right amount of food to ensure they're happy and healthy. Record, and use a laser toy no matter where they are in the world.

SMART PET DRINKING FOUNTAIN

Intelligent Automatic Pet Hydration

The Eversweet automatic pet drinking fountain is a smart way of ensuring your pets always have fresh, filtered water throughout the day and night. Using light sensor technology, the fountain can adjust the frequency of the water between day and night to make sure every drink your cat or dog takes is fresh.

PETKIP6

FILTERS

Drinking fountain replaceable filters last for around 3 months and help to provide your pet with fresh flowing water, keeping them hydrated throughout the day and night.

x 3 PETKIP15

x 5 PETKIP23

x 5 (with tray) PETKIP22

Smart Filtration Mode

When Smart Mode has been activated, the Eversweet Drinking Fountain has a light sensor to detect light levels and identify if it is day or night. This prevents overfilling when your pet is likely to be asleep.

Ultra Silent Design

The noiseless designed pump and the unique convoluted water flow bring a special and quiet experience to pet owners.

Microscopic nylon strainer
Screen pet drop hair and other impurities in the water

Activated Carbon Filter
Absorb the smell and residuals

Ion-exchange Resin
Filter the heavy metal ions

EVERSWEET TRAVEL PET WATER BOTTLE

The Eversweet Travel pet water bottle has been specifically designed to keep your pet dog hydrated and healthy on the go. With a built in coconut carbon filter and easy one-click water release system this is the perfect companion for long walks and travelling with your dog.

PETKIP7

FILTERS X 2

PETKIP20

Satisfy your dog as well as yourself with this pet water bottle

Dogs drink water by curling their tongues and creating a spoon like shape to get as much water as they can. The drinking trough of the Eversweet Travel bottle has been designed with this drinking habit in mind, and we have designed the trough with an arc making it easier for them to take a drink.

Strong Antibacterial Effects

The antibacterial properties of BioCleanAct material can be found in the Eversweet Travel water bottle, preventing the build up of bacteria in the open drinking trough.

Portable Purification System

Every Eversweet portable pet water bottle comes complete with a built in water purification system using activated coconut shell. This replaceable carbon filter removes chlorine from tap water or cooled boiled water, and can be used up to 100 times before it needs to be replaced.

PURA AIR SMART ODOUR ELIMINATOR

Pura-air smart odour remover brings fresh air back to your home.

The Pura-air odour remover from Petkit uses intelligent technology to remove odours from your home that come as a result of owning a pet. Specifically engineered with cat litter trays in mind, the Pura Air controls the odour from the source, removes it from the air and removes any airborne bacteria. Not only does it remove smells, it brings a clean living space back to you and your pets healthy. Record and use a laser toy no matter where they are in the world.

PETKIP8

PURA AIR FRESHENER FILTERS X 2

Replacement Pura Air Freshener Filters continue the removal of odours and bring fresh air back to your home.

PETKIP9

PURA DOG INDOOR TRAINING PAD HOLDER

Pee As You Wish, No More Worries.

It's normal for pets keepers to encounter some little accidents with their pets, like the casual excretion at home. To avoid your dog having such accident, PURA DOG, dedicatedly designed tray by PETKIT for dogs, is high-quality and easy to clean, keeping your house clean and refreshing.

PETKIP10

Training excrete at the fixed place, free from worry
Double-layer flat tray is made with superior non-toxic resin, durable and corrosion resistant. Detachable vertical pillar is access to both genders. Helps dogs develop good habits of urinating at designated places.

Easy to use and clean
Innovative handle on the mesh panel allows you to open the tray with just fingers, simplifying process to change diapers and waste down the tray..

Proactive jet-airflow designed to remove odour

Fully refreshed air back into the atmosphere

Efficient air purification using scientific technology

COSY PET BED

A smart temperature controlled pet bed for a comfortable place to sleep.

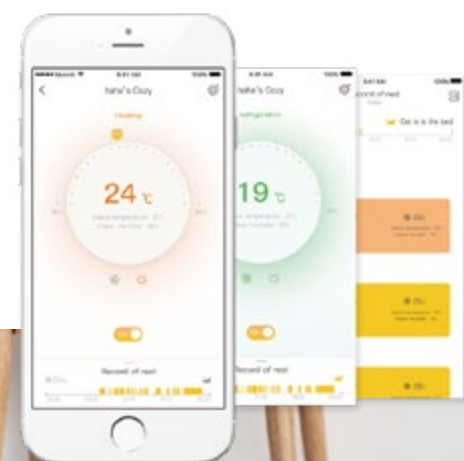

Using smart temperature controls, the Cosy Pet bed can create a more comfortable sleeping place according to the ambient temperature of your home. It can also connect to the PetKit app and be adjusted using a long-range remote via the app.

PETKIP12

Controlled via the PetKit App

The Cosy temperature controlled pet bed can be adjusted using the Petkit App, with temperature adjustments made on a sliding scale. It is also possible to turn the Cosy pet bed on and off using the app, meaning you can activate this from work or at home.

FRESH ELEMENT PET FOOD DISPENSER

Feed your pets no matter where you are

Worried about your pets running out of food while you're stuck at work? The Fresh Element automatic pet food dispenser includes a full-sealing smart feeder with long-range remote activation. Show your pets love anytime, anywhere.

PETKIP13

Control the Pet Food Dispenser Remotely from your Phone

Connect your Fresh Element to your PetKit app to set up an automatic feeding plan for your pet, or control the dispense of food remotely when you feel it is required.

Watch the video

Smart Temperature Control

The ambient temperature of the home and humidity sensors work together in the Cosy Pet bed to monitor the device and adjust the temperature automatically, heating up in the winter and cooling down in the summer to ensure that your pet always has a comfortable resting place.

Embracing Stylish Design

Inspired by embracing pets, we have used the feeling of holding your pet to influence the design of the pet house. Not only does this look incredibly stylish, it also offers a better sleeping area that gives a safe sense of security.

Built in Sensor

A hidden infrared sensor accurately monitors when your pet is in the house or not, recording the use of the pet bed and provides owners with more insight into their pet's situation.

Double 'Fresh-Lock' System

The Fresh Element automatic pet food dispenser includes a silicone sealing ring around the food outlet door, to ensure that food remains fresh for your pet. Store up to 6lb of food at once.

Intelligent Feeding Mechanism

Using intelligent technology, PetKit have created a self-adaption system with an oscillating bar, spring check-board, and silicone impeller which has been proven to never get jammed or stuck. This ensures that your cat or dog's food will always be dispensed on time.

Using technology to achieve a healthy lifestyle

The Fresh Element combines clever sensor technology which ensures accurately weighed portions, and a safety sensor which keeps the food outlet door open if it senses an object - no stuck paws!

4 IN 1 CAT SCRATCHER

A 4 in 1 Cat Scratcher playground for hours of fun with your cat!

The 4-in-1 Cat Scratcher Playground provides hours of fun for your pet, and is a great way to encourage claw maintenance in a fun way. The playground features two Meow Planet balls and a replaceable cardboard scratching board. The blue Meow planet ball is filled with high quality, fresh catnip and the orange Meow planet includes a fun bell to entertain your cat for hours. The playground can also be used as a pet bed for naps, with the high density corrugated board providing both comfort and play.

PETKIP16

REPLACEABLE CAT SCRATCHER PAD

PETKIT Replaceable Cardboard Pad is a 330mm round scratcher for your 4 in 1 Cat Scratcher made with high density thickened corrugated board, hard to deform, solid and durable. It encourages cats to interact with it and not valuable home furniture.

PETKIP18

REPLACEABLE CAT SCRATCHER PLANETS X 2

PETKIT MEOW PLANET'S create playful experience for your cats with two different functions. Design inspiration comes from the surface of the moon. Made with high quality plastic and non-toxic dye, which is both wear-resistant and bite-resistant. The shell of the toy ball is made with bright and grit mixed technology, safety and hart to abrasion.

PETKIP17

SILICONE SPILL-PROOF MAT

Say goodbye to your messy and wet floor!

PETKIT Silicone Spill-Proof Mat is made of food-grade, premium US FDA-approved silicone material. The mats are created with a four-edge-design to protect your floor from water leaks and food spills. It is also easy to clean saving your kitchen from chaos!

PETKIP19

Water-proof and spill-proof

The unique four-edge-design keeps food and water in the mat from spilling out and protects your floors.

Easy to take care of

Use two-sided difference high specification silicone material; the first is the matte side which is easy to clean and the reverse is an anti-slip finish preventing the bowl from movement while your pet eats.

Non-toxic, lick safe, quality material

The silicone spill-proof mat is made of food-grade, premium US FDA-approved material that is non-toxic, lick safe and is odourless for all pets.

FOABER™

Foam Rubber Hybrid

All products come packaged with impactful designs, helping maximise the features and benefits.

Produced from the careful combination of Foam and Rubber our hybrid employs the strength and flexibility of rubber however retaining the light weight of foam. This scientifically developed combination has resulted in a material combination which is soft and supple to be kind on teeth and soothing to gums, as well as a sturdy and durable end product; tough enough to withstand interactive play.

Air sprung soft core for a high bounce

The Foaber range is specifically designed to excite a canine's sense. A dog's colour perception differs from human as rather than 3 colour sensitive cone cells in their retinas, dogs only have two; yellow & blue. Further to this, their ability to distinguish levels of brightness also differs from a human's. As a result of this research, the range utilises a vivid yellow and blue as these are the most photo-receptive to a dog.

By combining the clearest two colours together, this range not only creates a stimulating toy to capture visual attention but also ensures high visibility which is paramount to outdoor play. An example of this feature in action is when the toy is thrown over long distance, the dog can easily follow the movement of the toy - a benefit to both owner and pet.

@foaberpet
www.foaber.pet

BOUNCE

Created for the dog that loves to play, our Foaber Bounce is a redesign of a classic. Designed in the most vivid colour from the dog vision spectrum, your dog will have clear visibility of the ball when used outdoors and thrown over long distance as well as a new durable, soft and lightweight toy.

5cm **FR01B** - Blue / **FR01G** - Green / **FR01M** - Mixed
6cm **FR02B** - Blue / **FR02G** - Green / **FR02M** - Mixed
8cm **FR03B** - Blue / **FR03G** - Green / **FR03M** - Mixed

COMET

Created for the dog that loves to swim, the Foaber Comet is designed to roll across the water as your dog tries to catch appealing to their natural hunting instinct. Also great for dry land play the Comet's soft exterior ensures it is gentle on teeth whilst its strong durability factor brands it a great choice for interactive play.

11 x 6.5cm **FR05B** - Blue / **FR05G** - Green / **FR05M** - Mixed
13 x 8cm **FR06B** - Blue / **FR06G** - Green / **FR06M** - Mixed

KICK

Created for the dog that loves to play, our Foaber Kick is a durable and classic addition to any dog's toy box. Our innovative foam rubber material blend is scientifically developed to be soft and supple however retaining the tough strength of rubber. Your dog can enjoy active play without the disappointment of another broken toy.

13 x 8cm **FR04B** - Blue / **FR04G** - Green / **FR04M** - Mixed

BUMP

Treat releases encourage mental stimulation through play, improving motor skills and challenging your pet intellectually. The Foaber Bump's distinctive design leads to a high erratic rebound when bounced whilst the ridged texture soothes and massages gums. Fill with your dog's favourite treats and the Foaber Bump is ready to go.

8cm **FR011B** - Blue / **FR011G** - Green / **FR011M** - Mixed

SPLIT

Created for the dog that loves to play, the Foaber Split is our own unique design play as two separate pieces or join together as one. Its unpredictable nature will have your pet guessing whether the ball will sporadically separate mid-flight or on impact for added fun. Foam rubber technology leaves this ball gentle on jaws whilst remaining strong during active play.

8cm

FR13

JACK

Created for the dog that loves to fetch, our unique Foaber Jack's design is centralised on creating the perfect irregular bounce. Great for stimulating your dog's mind, the erratic spring will have their 100% concentration; whilst the individually sized prongs ensure any size jaw will be able to grasp onto the toy, for an exciting game of retrieval.

13cm

FR07B - Blue / **FR07G** - Green / **FR07M** - Mixed

ROLL

Created for the dog that loves to chase, our Foaber Roll is designed to be a ground roller. Watch your dog go crazy chasing their new toy. In its high visibility coloured design the Roll will continue to stimulate your dog's natural pursuing instinct even over long distances during fun interactive play, strengthening bond between owner and pet.

16 x 3.5cm

FR08B - Blue / **FR08G** - Green / **FR08M** - Mixed

STICK

Functioning as both a treat release and a fun retrieval toy, our Foaber Stick is a classic design loved by dogs of all ages. Treat releases can be stuffed with your dog's favourite treat or kibble biscuits for a fun way to stimulate your dog during treat time engaging their natural instinct of food foraging. Just fill up and watch them go!

18 x 3.5cm

FR09B - Blue / **FR09G** - Green / **FR09M** - Mixed

ATOM

Our combination of TPR and Durafoam results in a lightweight, stylish product. Both TPR and Durafoam are known for their high bounce and springy nature, we have employed this into a distinctive and bold design to give our Foaber Atom a highly erratic bounce resulting an unpredictable and stimulating game of fetch. Thick TPR walls ensure this product is suitable for powerful jaws of any size whilst the outer bumps massage and soothe gums during play.

8.5cm

FTPR03

NUCLEUS

Our Foaber Nucleus is perfect for energetic play, the aerodynamic design of the outer Durafoam ring promises high velocity when thrown through the air. The TPR inner ball is fully detachable making this a great 2in1 product to enjoy in the dog park (and replaceable if the ball is thrown a little too far) and thanks to the inner ball's bumpy surface, it's perfect for massaging gums and cleaning teeth during play.

17 x 17 x 6.35cm

FTPR01

MOLECULE

A nod to the classic stick loved by dogs of all sizes and breeds, our Foaber Molecule is a fun retrieval toy. Using an interlocking design to securely combine TPR and Durafoam; their material nature allows for a flexible and supple product that still is incredibly durable and has a strong material structure.

28.5 x 4.5cm

FTPR07

MOLECULE NANO

17 x 4.5cm

FTPR15

TPR & HYBRID FUSION

Following the success of our original range the team at Foaber have developed new innovative designs to further excite and stimulate your pet. Each item employs a combination of tough TPR and lightweight Durafoam resulting in an exhilarating new toy with a high bounce-back, it is kind to teeth and has the ability to float.

Research has shown dynamic play between owner and pet encourages a lasting bond and provides an outlet for excess energy in active pets, which acts as a deterrent from possible bad behaviour.

Each product utilises a bold colour palette to not only create a visually striking display in-store but combines the most visual receptive colours to a dog's colour spectrum; this stimulates senses and ensures high-visibility during active, outdoor play.

KRONOS9

CHEW RESISTANT
**NEUTRO

ALIEN TECHNOLOGY

kronos9.pet

The range is a collection of strikingly designed interactive toys including flashing tug toys, unconventional balls and treat releases perfect for providing mental stimulation to your pet as they play.

Dishwasher & UFO Safe

Floats On Water
(and in outer space)

Out Of This
World Strength

The Kronos9 Story

Born from an interstellar cloud four billion years ago, 350 light years away from Earth in a dark and hostile atmosphere the star Kronos formed. The unusual and exuberant composition of the stars structure led scientists, who to dared to study it, believe that it destroyed and ate its own orbiting planets.

After every planet Kronos ate it would become stronger and more dangerous. Thrusting violent comets into space, one of these comets crashed to Earth. Bringing with it a host of extra-terrestrial life who want the control of the comets power to themselves.

A secret task force was formed to control the increased UFO sightings at the crash site but what they found was that the comet contained a highly volatile core.

At the lab we managed to extract the strength and power from the intermolecular structure to create Neutro rubber, an extremely durable yet flexible material.

Only by chance when our lab dog Dexter stole a prototype of the Krono-pod and began to chew on the material with his powerful bite we realised the true bionic strength of our discovery. We further developed this material to create our Kronos 9 super strong toy range perfect for tough and tenacious chewers.

Watch the movie!

Krono-Sphere

KRONO-SPHERE

The Krono-Sphere contains a motion activated flashing LED light inside to create the ultimate tug toy. Interactive play between owner and pet is proven to help strength bonds for a happier pet.

TOUGH TUGGER

TOUGH TOYS FOR TOUGH DOGS!

THE RANGE COMBINES THE STRENGTH OF TPR IN OUR UNIQUE RHINO SHAPED MOULD, WITH STURDY BRAIDED ROPE AND CLASSIC RUBBER TO CHALLENGE YOUR PET DURING PLAY TIME. DESIGNED TO ENCOURAGE YOUR DOG TO CONSTRUCTIVELY CHEW, OFFERING A FUN INTERACTIVE WAY TO PLAY.

THE CONCEPT BEHIND OUR NEW TOUGH TUGGER RANGE WAS STRENGTH AND DURABILITY. INSPIRED BY THE TOUGH HIDE OF A RHINO, THIS RANGE IS DESIGNED TO CATER TO THE NEEDS OF MEDIUM AND LARGE SIZED DOGS AND PROVIDE THEM WITH A FAVOURITE TOY FOR ENDLESS ENJOYMENT.

[LONG-LASTING] [STRONG] [INTERACTIVE] [TOUGH]

WE HAVE USED BRAIDED ROPE THROUGHOUT OUR EXTRA TOUGH RANGE BECAUSE OF ITS QUALITIES AS STRONG AND EXTREMELY DIFFICULT TO SEPARATE APART. THIS IS DUE TO THE NATURE OF THE ROPES TIGHT BRAIDED DESIGN, IT ALLOWS THE PET TO SINK ITS TEETH IN AND GRAB HOLD WHILST CONSISTENTLY RETAINING SHAPE.

DESIGNED, DEVELOPED and TESTED IN THE UK 

LOOP RHINO

Our Tough Tugger TPR loop rhino is designed to withstand even the most powerful chewers. TPR is a thermoplastic rubber made by combining plastic and rubber, TPR bonds the strongest properties of plastic and rubber to construct a highly durable and extremely strong structure.

50 x 19.5 x 11cm

TT01

RHINO TUGGER

Our Rhino Tugger is a great choice for rough, heavy duty play between you and your dog, not only does interactive play encourage the bond between owner and pet, it also gives a fun outlet for energy- distracting against unwanted behaviour. TPR is a thermoplastic rubber made by combining plastic and rubber.

Red - 48cm x 11cm x 11cm

TT05

Black - 48cm x 11cm x 11cm

TT10

TPR SLEEVED ROPE

TPR is a thermoplastic rubber made by combining plastic and rubber, TPR bonds the strongest properties of plastic and rubber to construct a highly durable and extremely strong structure. The TPR sleeve's superior strength protects the rope from extended chewing, making it stronger than the average dog rope toy.

Red - 48cm x 5cm x 5cm

TT07

Black - 48cm x 11cm x 11cm

TT08

RUBBER SLEEVED ROPE

Aiding dental health through the encouragement of stimulated chewing. This rubber alternate to the TPR Sleeved Rope has been developed to withstand even the keenest of chewers, as a robust fun choice during playtime. Slightly smaller in size to its TPR counterparts this toy is best suited to smaller but just as powerful jaws.

62cm x 61 x 10cm

TT11

MEGA BONE

A great solution for any dog who loves the classic tug toy design but also loves to test their toys to the limit. The braided rope's tight weave delivers added durability and strength, perfect for dogs who love to nibble.

8.5cm x 7.5cm x 50cm

TT04

BALL TUG

Designed for powerful jaws our Tough Tugger Ball Tug combines a specially developed reinforced rubber ball with tight rope knots where the tighter the pull the more secure the knots become and gives your dog something to really get their teeth into.

5.5cm x 9cm x 44cm

TT09

4 WAY TUGGER

Not only will our 4 Way Tugger keep your dog entertained, the thick braided rope also acts as a great way to clean teeth and massage your dogs gums keeping active mouths healthy. Based on the 'Hunters Bend' knot It's tough method of construction also means that the more vigorous your dog pulls the knots are forced even tighter.

8.5cm x 68cm x 72cm

TT03

NEW

The MOP range hosts a variety of fun cross category products including both plastic and ceramic feeding sets, toys, apparel and beds for pets of all breeds and sizes. MONSTER TREAT RELEASE TOY

9.5cm

Treat release toys are a great way to amuse youthful and energetic pets whilst rewarding good behaviour without over-indulgence, especially for quick eaters. Our Monster's irregular shape guarantees a high bounce to entertain any active dog; specifically designed to float on water, this toy is perfect for any dog that loves to swim. The toy also features a glow in the dark eye for added fun when playing in lower light. The soft exterior is gentle on teeth and gums whilst still remaining strong. Developed using our innovative Durafoam technology, the structure can withstand rigorous chewing ensuring safe play and longevity.

DESIGN & DEVELOPMENT

At Pet brands we pride ourselves on our capacity and ability to design, develop, manufacture and distribute our own products. This allows our team to deliver a uniquely inclusive service, to the UK and global market.

Whilst our Pet brand's own brand team focuses on developing the latest material technologies to innovate and drive the pet product market further, holding exclusive brand licenses and product patents, our private label team aim to channel the companies' ingenuity into creating bespoke ranges to compliment the customer's established brand and consumer base.

Market Research

Before every range our development team present their detailed trend forecasts; this market research includes detailed reviews of competitors, analysis of past sales data, an extensive breakdown of the innovation and trends within the home wear and children's industries, as well as, identifying gaps within the current market. These reports are then further broken down, to tailor to specific customer necessities and requests; in order to identify the most lucrative growth opportunities and lessen risks.

Idea Generation & Innovative Product Design

On receiving a customer brief the team works to provide a comprehensive product proposal, aiming to encompass the customer's brand identity and aesthetic, as well as, a unique product offering with innovation opposed to an 'off-the-shelf' alternative. This can be through distinctive packaging or merchandising solutions, fun novelty products or stylish contemporary designs. Trained with specific product category and material knowledge the development team, then bring to life the on-screen designs to create a quality product ready for final sign-off.

3D software and printer

Through the use of our in-house 3D software and printer, we can innovate and push the experimentation of design before the commitment of costly mould fees. This service is key to quickening the design process and easily resolving any construction constraints.

Product Management

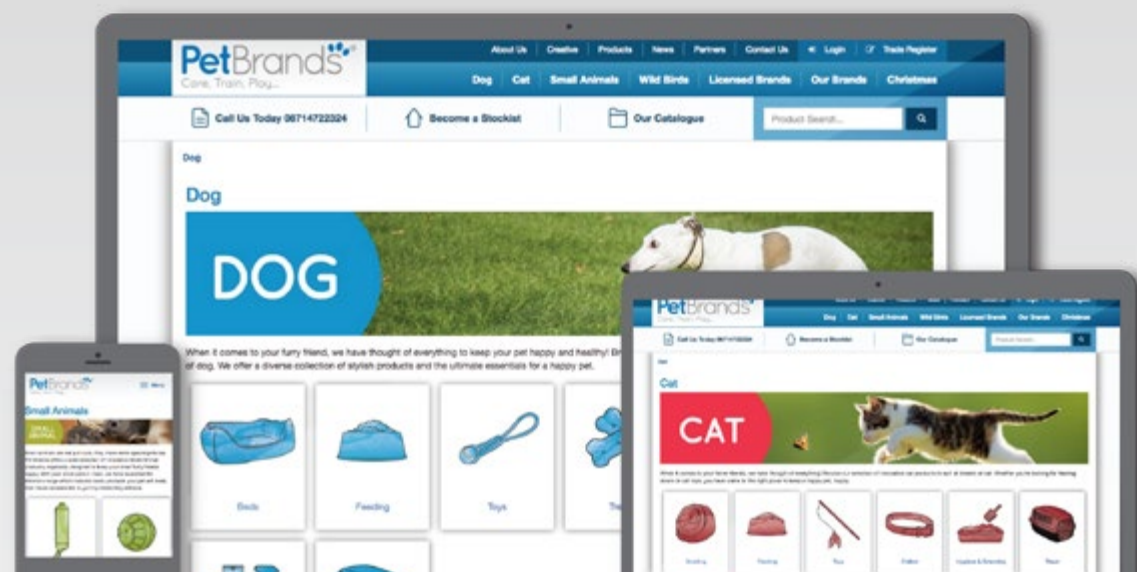

The product and technical team ensure every product we produce is optimised to enhance the relationship between owner & pet; whether through play, training aids or safety. Maintaining close working relationships with our partnered factories we ensure full audit technical & ethical compliance and product test certifications. Our UK & China based teams then further work to support the factories during shipping, to guarantee full conformity to customer shipping specifications and final gold seal approval.

Creating & Developing

Our design team work with the customer to create or develop and best promote their own pet label identity through the packaging, branding and CDU/shelf displays. Along with this we can also provide cut out and stylised location shoot photography, to best promote the range through e-commerce.

3. Goods – The Pet Brands products as identified in the purchase order.
4. Order or Purchase Order – An offer made by the purchaser to buy specific goods from Pet Brands. Orders can be submitted using an official Pet Brands order form, via email, or using the purchaser's own order form. Submission of an order constitutes acceptance of these terms and conditions of sale.
5. Prices – The agreed amount payable to Pet Brands in exchange for the goods as set out in the invoice.

TERMS AND CONDITIONS

1. Pet Brands reserves the right to adjust prices without prior notification. Prices are valid according to our latest published price list.
2. Unless written terms with Pet Brands have been agreed, all orders are to be processed on a 'Pro-Forma' basis. Orders will not be processed until advance payment has been received and funds have been cleared. Cheques, BACS payment and credit/debit card are accepted as suitable forms of advance payment. Subsequent orders shall revert to the nett 14 days terms, subject to satisfactory credit control approval.
3. All charges incurred during any billing period must be paid in full, including, without exception, any VAT or related charges. An administration fee will be charged in the instance a payment is rejected, in addition to an interest on the original purchase sum due. Interest is charged at a rate of 8% per annum above the base rate from Barclays PLC. and is applicable from the agreed date of payment until the date of actual payment. Such interest will accrue from day to day and will be compounded annually. In certain circumstances failure to pay may be disclosed to a credit reference or debt collection agency. The registered member, its company and company directors are all jointly and severally liable for any Pet Brands charges that are accrued and any charges resulting from the chosen payment method. Pet Brands may debit any credit or debit card registered against any of your accounts for any amount outstanding to us for each account. Until all such accounts are paid in full, credit/debit card authority remains in place.
4. All products are sold subject to availability and are not offered on a sale or return basis unless explicitly specified.
5. Any claims for damaged or incorrect deliveries must be made within 24 hours from receipt of goods.
6. Pet Brands retains ownership of any goods supplied until full payment for these goods has been received. Until such payment, the purchaser shall hold the goods in a fiduciary capacity for Pet Brands. In the event of any non-payment by the purchaser by a settlement date, Pet Brands is entitled to enter any premises where goods may be and recover possession of them, in addition to all other rights. All risk of damage, loss or destruction of goods passes to the purchaser upon delivery at the agreed destination.
7. All goods purchased from Pet Brands for resale may only be sold in the condition as sold or advised by Pet Brands. All labels, wiring and packaging must remain intact and as provided by Pet Brands and must not be tapered with, altered or removed in any way.
8. All contracts of sale are on an all monies retention of title basis. In the instance of any non-payment by an account, specifically if any invoice (or portion thereof) remains unpaid, all goods remain collectable. The identification of specific goods to a specific invoice is therefore unnecessary.
9. Any condition of contract imposed by the purchaser shall form no part of the contract between the purchaser and Pet Brands unless specifically agreed to by both parties.
10. Pet Brands maintains a policy of product upgrade and improvement through continuous development and research. As such, Pet Brands reserves the right to change product specifications at any time without prior notification.
11. Orders under £300 will incur a minimum £10 postage fee. For orders meeting the minimum order value of £300 or higher at trade value, carriage is payable by Pet Brands.
12. Special orders for products available from manufacturers we represent will only be carried out if the minimum order value of £300 at trade value is met.
13. 'Add to' orders or amendments can only be placed within 24 hours of the original order. If received outside of this 24 hour window it will be treated as a separate order and will be subject to the minimum order requirement of £300.
14. Delivery will be attempted on the specific date listed on the purchase order but is not guaranteed. If a specific date cannot be met then another suitable date will be agreed by both parties.
15. Standard delivery time is three working days after receipt of order. Every attempt will be made to adhere to this standard, however fulfilment is subject to supply stability and as such cannot be guaranteed.

COLLECTIONS, DAMAGES AND RETURNS

COLLECTIONS

If the purchaser should wish to collect their goods directly as an alternative to delivery, they must inform Pet Brands at the time of placing the order. This must include the specific details of who will be collecting the order, the date they propose to collect, and an estimated collection time. All order collections must meet a minimum order value of £200, excluding VAT.

DAMAGES

All damages must be reported to our Customer Service Team within 24 hours of receipt of the order. Please note you should not sign for any goods that are damaged upon arrival. Once the damaged goods have been received back into our warehouse or disposed of, a detailed specification must be send to our accounts team so the appropriate credit or replacement can be issued.

RETURNS

In the event the purchaser is dissatisfied with any items included in the order, the Sales team should be notified via telephone at 08714 722 324 in order to arrange a suitable solution. Any costs incurred will be communicated at the time of booking the return.

PRICING POLICY

PRICES

All goods are billed (excluding VAT) at the prices applicable at the time of dispatch. If the purchaser feels they have been billed incorrectly, the Accounts department should be contacted via telephone on 08714 722 324.

DISCOUNT BANDS

We currently operate a specific discount banding system based on average spend per calendar year. More information on your specific pricing band can be found by contacting the Customer Service team via telephone on 08714 722 324
